

# Soldering Safely

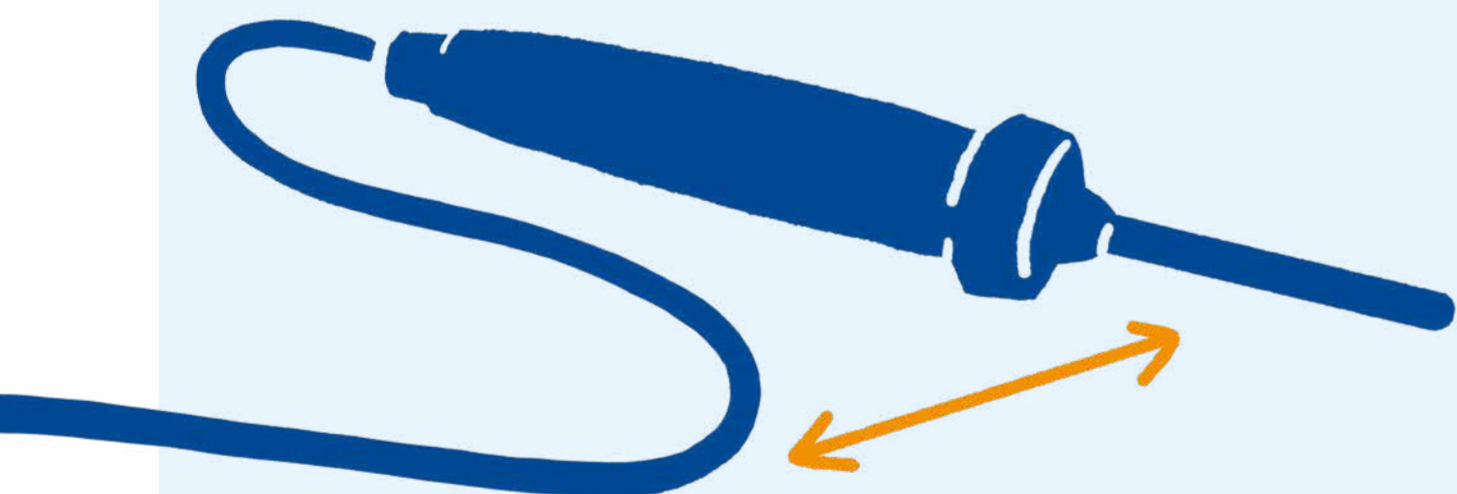

**Do not inhale solder fumes.**  
Maintain a **safe distance** and  
ensure **proper ventilation**.

**To prevent burns, only touch the handle** of the soldering iron.  
Always place the soldering iron on  
the **soldering stand** when not in use.

Keep an eye on the **position**  
of the soldering iron **cable**.

**Securely grip and cut off** any  
protruding wire pieces using  
**flat-nose pliers**.
